

RURAL FLOOD CONTROL PROJECT BENEFIT SUMMARY
NORTH DAKOTA STATE WATER COMMISSION
PLANNING AND EDUCATION DIVISION
SFN 60553 (1/2014)

The following information will be used as part of the agency's project planning, budget development, and project prioritization processes. Project sponsors requesting SWC cost-share that have a project with a total cost of \$500,000 or more are required to provide supplemental information related to project benefits per NDCC 61-02-01.3. If the proposed project has undergone a detailed benefit-cost analysis, that information may be referenced or provided in lieu of the following.

Project Name:

Project Sponsor(s):

Describe existing and anticipated future conditions without the proposed project.

If applicable, provide a brief description of costs and impacts related to recent flood events. Include information about the magnitude of those events.

Describe how the project will reduce future costs and mitigate future impacts.

Describe the anticipated level of protection the proposed project will provide.

Provide the total number of agricultural acres that will benefit from the project.

Provide the number of agricultural acres that will benefit from the project beyond those that benefit from current conditions.

Estimate the total number of agricultural producers that will benefit from the proposed project and how they will benefit.

Provide any additional project-related benefits that you would like considered.
